

TestCase

```
classDiagram
    class TestCase
    class AppTest {
        +AppTest()
        +testApp()
        +suite()
    }
    AppTest --|> TestCase
```

The diagram shows a class hierarchy. At the top is a class named 'TestCase', represented by a gray box with three horizontal compartments. Below it is a class named 'AppTest', represented by a white box with three horizontal compartments. A blue arrow with an open triangular head points from the 'AppTest' class to the 'TestCase' class, indicating inheritance.
